

BURNHAM 100x100

Landscape Architecture / Green Planning Charrette / Exhibit

100 PARTICIPANTS x 100 YEARS:

Join local landscape architects and designers in a full-day design charrette, celebrating the spirit of the Burnham Plan. Give shape to landscape architecture visions for Green Chicago based on up to ten themes such as **region, water, transit, nature, city form, growing food and quality of life.** Work individually or in groups to sketch what the Chicago and Midwest Region's next 100 years of landscape, planning, and environmental design may become. Images will be used in Illinois ASLA marketing efforts and will be the basis of renderings developed for the September Burnham Plan Centennial Exhibit.

BIG, BOLD, VISIONARY:

Chicago Considers the Next Century
