

ASLA ILLINOIS

Advocacy Update 3.18.19: Call for Witness Slips

Fellow ILASLA Members and Friends,

Big news! The proposed Landscape Architect Practice Act has been formally introduced and assigned to the Senate Licensed Activities Committee as SB1899 (Sponsor: Senator Terry Link).

Pertinent information such as the bill status, synopsis as introduced, legislative actions taken thus far, and the bill's full text can all be reviewed on the Illinois General Assembly website [here](#).

We ask that you show your support for the practice act by filing a witness slip in your name as a proponent.

Following are the steps we ask you to take **NOW – DO NOT DELAY**. Completing the witness form slip should take no more than 5 minutes:

1. [Click on this link](#) to arrive at the witness slip form for SB1899.
2. Identification: Complete your contact information.
3. Representation: American Society of Landscape Architects, Illinois Chapter. You may also add: Self, your company name, and any others you wish to include.
4. Position: Click the **Proponent** position.
5. Testimony: Click Record of Appearance Only
6. Terms of Agreement: check the tick box for terms of agreement.
7. Click 'Create (Slip).
8. You will receive a confirmation.

You do not need to be a Registered Landscape Architect or a member of the ILASLA to file a witness slip. You only need to be a resident of Illinois, so please feel free to share with family, friends, or anyone that will support you and the profession!

Thank you for your continued support in this critical effort. We will continue to keep you updated throughout the ongoing process.

If you have not already reached out to your legislators and/or considered a donation to the advocacy fund but are interested in doing so, please contact Susan at susan@il-asla.org and/or Mark at advocacy@il-asla.org.
